Automatic and manual transmissions both require a coupling device, a piece of equipment that is used to connect and disconnect the transmission and the engine as needed. In a manual transmission, that piece is called a clutch, and in an automatic transmission, it's a torque converter. In order to swap your automatic transmission for a manual ...

But, for the 2021 F-150, which recently started production, Ford plans to make its owner's manual digital-only. And available right from the truck's shiny new infotainment system. And while this may prevent future collectors from being able to hawk used 2021 F-150 manuals on eBay in 20 years, it's going to save Ford literal tons of paper.
