the Italian Peninsula was the first area in then Catholic Western Europe to be reached by the bubonic plague pandemic known as the Black Death, which reached the region by an Italian ship from the Crimea which landed in Messina in Sicily in October 1347.

[Black Death in Italy - Wikipedia](#)

When the Black Death swept over Europe and wiped out a third of its population, it also destroyed Feudalism. Peasants were free to leave the lands of the lords to try to find higher wages because of the huge labour shortages. The land that had usually been the primary source of wealth was now worthless.
