These studies applied the assessment to content area vocabulary, but each may be adapted to conceptual vocabulary within a literature theme. They are all appropriate for use with EO students and ELLs. Table 2 categorizes each assessment using Qian's (2002) Vocabulary Knowledge Dimensions and Read's (2000) Assessment Dimensions.

For example, comparing correct answers to objective items on pre-assessment (sequence start) and post-assessment (sequence end) results can show whole-class and individual student learning over time. A key feature of informal (i.e. formative) assessments is they are able to provide ongoing monitoring of student learning.
