On the plus side, print quality is better than with the standard atlas. Overall, I have zero regrets purchasing this item. It will come in very handy when planning road trips. In an age where people are turning to their GPS, nothing beats an atlas. I like seeing the big picture. I totally recommend this atlas.

This atlas was the first attempt to systematically codify nautical maps. This chart-book combined an atlas of nautical charts and sailing directions with instructions for navigation on the western and north-western coastal waters of Europe. It was the first of its kind in the history of maritime cartography, and was an immediate success.
