How many broods of young can a crow family produce in one year? In general, American Crows have only one successful brood a year. Figure it like this: it takes from one to two weeks to build a nest (always a new one with each nesting attempt), 6 days to lays eggs (2-6 eggs, average of 4.7 in my study), 19 days of incubation (begun with the penultimate, or antepenultimate egg, i.e., next-to ...

Local murray magpies (small) regularly come to our ceramic bird bath, fluttering around and raising wings, and today in Spring a dove actually sat in the middle of same. More a small bird thing. Adelaide Australia. Note the bird bath is in a small protected courtyard garden. But they do sense when I watch and clear off.
