THE STUDY OF CHANGE

Problem ...

Physical changes, including change in color, texture, shape or state, are changes in matter that do not change what the matter is. Matter is what everything is made of, and state means the form or ...

Physical Change Lesson for Kids: Definition ... - Study.com

The science of chemistry deals with the makeup of the entire physical universe. A good place to begin our discussion is with the definition of a few central

ideas, some of which may already be familiar to you. Chemistry is the study of matter and its properties, the changes that matter undergoes, and the energy associated with those changes.
