Overview. A  
geologic map uses  
lines, symbols, and  
colors, to include  
information about

# Get Free Laboratory Manual For

the nature and  
distribution of rock  
units within an area.

It includes a base  
map, over which  
information about  
geologic contacts  
and strikes and dips  
are included.

Geologists make  
these maps by  
careful field  
observations at  
numerous outcrops
