Washington's desire to protect American citizens led to an American military response. In 1790 and 1791, Washington dispatched armies to confront native forces, and in both instances the Americans were soundly defeated. Responding to these two embarrassing setbacks, Congress authorized a five-thousand man regular army to quell resistance.

It is important to note that a few Native American tribes do not wish to share their language with outsiders, as they regard their

language and certain cultural features as private tribal property only. The ideal setting is the Indian home or tribal community setting where elders still talk with the children.
