These coins do not represent a comprehensive list of those products in the JM Bullion catalog with certification. Instead, this list is a representation of coins released annually which are offered both in their original condition from the mint of origin and as certified coins submitted for the grading process by mints or authorized dealers.

The coins feature the same designs as the standard releases, such as Colorized American Silver Eagles. There is no change in the design of American Silver Eagles which have been colorized, they simply have real-world colors that bring the design to life in a different way. The most common colorized coins are those from bullion programs.

Year - In the Year column, you will see the date that this coin was minted in along with it's mint mark, which shows where the coin was minted. In the example above, the coin you are looking at was minted in the year 1955 and the "P" means that the coin was minted in Philadelphia. There are 8 different mints, which are described at the top of the page: US Mint Locations.
