Photos: Al Braden, The Connecticut River: A Photographic Journey Through the Heart of New England (Wesleyan University Press, 2009) Before there were roads, the river was the way the Native Americans and Captain Block traveled. Today you can drive on a highway over and beside the river. Watch for 'the long river.'

Great River Park gives an open view of the Hartford skyline and the historic Colt Building, all with the Connecticut River as a foreground element. It is especially good for night photography of the skyline because the long exposure will flatten the waves of the river and give great reflections in your photos.
