*The Great Dane's great size inspires mixed reviews. Although folks who love the breed wouldn't trade their experience with their Great Danes, there is a fundamental reality associated with this particular breed - everything is super-sized. The space required, the food needed, and the poop scooped are all going to be big.*

*Whaling is the process of hunting of whales for their usable products such as meat and blubber, which can be turned into a type of oil that became increasingly important in the Industrial Revolution. It was practiced as an organized industry as early as 875 AD. By the 16th century, it had risen to be the principal industry in the coastal regions of Spain and France.*
