This build has all of the advantages of the Fire Ball build; huge damage numbers in a spammable spell that obliterates groups of targets and bosses alike. But there is a reason this one gets the edge. The Frozen Orb applies a slow effect on hits, giving this spell practical applications not only while exploring the world, but also in PvP combat.

Tier 1 talents offer a minor boost to sustained damage. Firestarter causes Fireball and Pyroblast to always critically strike when your target is above 90% Health.; Pyromaniac gives you a small chance to re-activate Hot Streak instantly.; Searing Touch makes Scorch a guaranteed Critical Strike and deals 150% more damage when the target is below 30% Health. ...

Goodness Before Freedom: These are the ones who are more Good than Chaotic. They desire to do good, but also feel that they have a responsibility to do good, and view freedom as a secondary (but still important) concern — essentially, they feel that being good is the price of being free, and they are more likely than Freedom Before Goodness to use the law to achieve a good end.

Burns conducted by Cal Fire, with a Cal Fire permit, or by public agencies, also require time-consuming biological and archaeological reviews of the area before they are authorized. There are bird nesting seasons, weather variations and shortened winter days to consider when planning burns, as well.

One of the most powerful weapons in the game is the assault rifle, hereafter referred to as AR. While it can be used to single fire, its true power comes from burst fire. AR build will struggle a bit in the early game but once you have the right feats and gear setup it's pretty much unstoppable due to W2C ammo.
