I have a blue hoover spinscrub 50 three years old or so and mine does that unless I remove the in-tank filter.yes,it's clean. There is a valve that the filter goes on that's supposed to close when it gets full..it closes way to early with the filter in place with barely any water in the bottom of the tank.

Progreso ISD. Thursday, September 9, 2021. Schools must be maintained to a high standard to keep all students and staff happy and healthy. Often acting as a hotbed for spreading bacteria, schools need to make sure that they have everything they need to maintain a healthy classroom and are implementing the correct practices.

There's a new antivaccine talking point in town, and it's just as much disinformation as other antivaccine talking points. It's the claim that mRNA COVID-19 vaccines are not really vaccines but "medical devices," "gene therapy," or "experimental biologics" and that they were falsely classified as vaccines in order to bypass safety testing.
